A son of the same sire was first prize summer yearling at the 1956 International. His sire, Juggler's King 8th x, was exported to Australia and was very popular there. A half-brother that was shipmate to the 8th sold in the Scrymgeour dispersion in Australia for \$13,800. We think this bull is one of the better ones we have sold through these state sales.

These five daughters of Congress champion Royfield's Leader x, sire of the Henry Baum consignment, totaled \$5,535 in the 1954 Oakwood Customers Sale. Lot 5 is a full brother to two of them, second from left, that sold at \$1,500, and extreme right, that sold at \$2,000.

His average gain from birth was 3 lbs. a day until he was turned out on grass with a pen of bulls this year. Three of his full sisters have sold for a total of \$4,260, the Princess Jenny heifers which did so well in the Oakwood Customers' Sale. He is wonderfully bodied like his sisters, and although he has not been shown, we believe he would look good anywhere. The Cherry Hill Royal Oak x - Royfield's Leader x cross is a nick that never misses.

ALCOVE FOXGLOVE x -- For buyers who are hoping for a chance to buy production-tested bulls, here is their chance to get one with an enviable record. Co-operating with the University in their "Beef Performance Program" their adjusted weight for this bull at 215 days was 615 lbs., and they gave him a choice grade. ### **AMERICAN SHORTHORN BREEDERS**

### **ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for calves at side or unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
